CONFIDENTIAL

18 May 1955

MEMORANDUM FOR: Chairman, CSPE Support Committee

SUBJECT: FE Division Operational Plan, FY 1956 - 1957

1. The training support requirements of subject program are substantial in terms of numbers of people to be trained and varied in range and scope in view of the nature of the projects which comprise the program.

2. The Office of Training has no basis for determining the extent to which FE Division can provide all the training support it needs from overseas training facilities it now uses, or the load which might be placed upon the Office of Training in support of the program.

3. The Office of Training has noted that requirements seem to exist for training in fields not now covered by established courses of instruction, [REDACTED]

4. It is therefore requested that FE Division be advised that the Office of Training requires early consultation on the above points with FE Division planners in order to ensure adequate training support capabilities for the subject program.

FOR THE DIRECTOR OF TRAINING:

/s
[REDACTED]
Chief, Plans & Policy Staff
